

Think out Loud – Ed Sheeran

LEGS	SWEEP	SMILE	LOVE	HARD
FEET	TASTE	BABY	MOUTH	DARLING

When your ----- don't work like they used to before
 And I can't ----- you off of your -----
 Will your eyes still remember the ----- of my -----?
 Will your ----- still ----- from your cheeks?
 And ----- I will be loving you till we're seventy
 And -----, my heart could still fall as ----- at twenty-three

And I'm thinking about **now/how**
 People fall in love in **mysterious/suspicious** ways
 Maybe just the touch of a **read/hand**
 Well me, I **fall/ball** in love with you every single day
 And I just wanna **tell/sell** you I am

- () And maybe we found love right where we are
- () Place your head on my beating heart
- () Kiss me under the light of a thousand stars
- () I'm thinking out loud
- () So honey, now, take me into your loving arms

When my hair's all but gone and
 And the crowds don't
 When my hands don't play
 I know you will still
 'Cause, honey, your soul could never
 And baby, your smile's forever

love me the same
 grow old, it's evergreen
 the strings the same way
 remember my name
 my memory fades
 in my mind and memory
