First find out all the names of the streets, parks and unnumbered buildings from your partner. Then write eight more names of places on the map (use the boxes numbered 1 to 15): a cinema, a supermarket, a school, an Indian restaurant, a library, a hospital, a pub, a bus station. Don't let your partner see what you have written, because he has to find these places. You have to find the following places, which your partner has written in: a Chinese restaurant, a police station, a bookshop, a petrol station, a kindergarten, a doctor's surgery, a hairdresser's, a swimming pool.
