

Research Consent Form - Teacher Interviews

Title:

Teacher Perceptions of Teacher Training: Experienced and Beginner Teachers

Researcher: Edward Povey, Hankuk University of Foreign Studies

Purpose:

The purpose of this interview is to explore teachers' perceptions and opinions related to teacher training. The interviewees will be both experienced and beginner teachers. This research is to find and compare any differences between these different sets of teachers.

About the interviews:

The interviews will be semi-structured and fully anonymous. The interviews will take about 20 minutes each and recorded. Follow up questions may be asked later in person or by email, with your consent.

I agree to take part in this research.
