

Hello teachers,

This message is to request for 3 volunteers to be interviewed for some research that I am planning. The volunteers must have over 10 years of teaching experience (any subject).

I am researching the perceptions of expert teachers to teacher training courses. I want to find out your opinions and experiences related to teacher training.

I will interview the 3 teachers separately on Monday 17 June, 1pm-2pm. It will take about 20 minutes each. The interviews will be confidential and recorded. The SNUE office has kindly agreed to this.

I will come to your self-directed learning session before 1pm on Monday 17 June to meet the teachers.

Thank you for your help. Please let me know if you have any questions.
